

2016 highlights

 Best-ever safety performance achieved

Lowest number of workplace safety injuries in company history 

Safety

 \$700 million invested in environmental and operating expenditures¹

Applied for regulatory approval of our Cold Lake expansion project using **SA-SAGD technology**²

\$195 million invested in research and technology to lower emissions and water use, as well as enhance economic performance 

Achieved **record-low oil spills** and regulatory compliance incidents 

Environment

¹ Primarily on water treatment, tailings treatment and emission reductions at company-owned facilities and Syncrude; and on remediation of idled facilities and operations.
² SA-SAGD technology significantly lowers greenhouse gas emissions and water use per barrel produced.

 5,700 employees employed across Canada

\$5.2 billion paid in taxes and royalties 

\$225 million invested with **indigenous suppliers** 

Economic contribution

 More than \$21 million invested in communities across Canada

 \$4.2 million raised for United Way-Centraide¹

 ~\$6 million donated in artworks to **Canadian galleries** to mark Canada's sesquicentennial

Conducted a **rapid response to wildfires** in northern Alberta, including a \$100,000 donation to the Canadian Red Cross

Renewed **30+ year** premier partnership with Hockey Canada 

Community

¹ Funds raised in association with our employees and retirees.
